NOTE: Directi will be selecting the top 'x' percentile students based on CodeChef score, CGPA, stream and resume attributes. If you provide your solution to anyone else you will reduce your chances of being in the shortlist by $1/n$ where 'n' is the number of students we shortlist. Also any two solutions that have a very high similarity score will be disqualified after review.

Rules and Regulations:

- It will be open to students of NIT Rourkela only.
- The languages allowed are C, C++ and JAVA.
- There are two problems. The easier one is worth 1 point. The harder one is worth 2 points. You will only get the score for solving a problem completely (passing all test cases - no partial credit)
- Any participant found to be indulging in any form of malpractice will be immediately

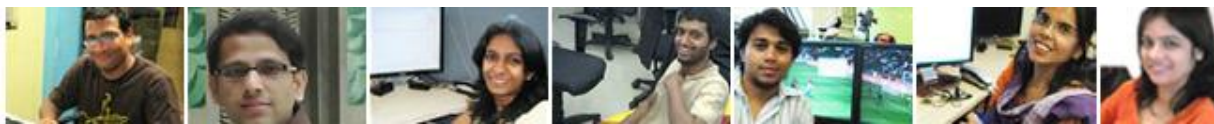

Internal Closed Contest

Step 5

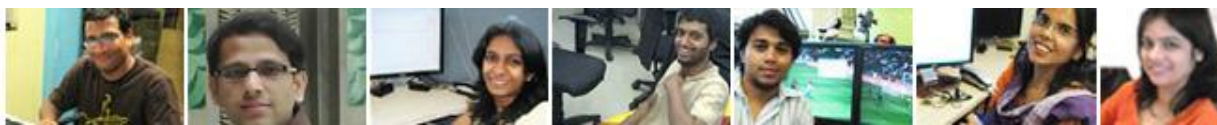

Refresh the page at the start time of the test.

Step 6

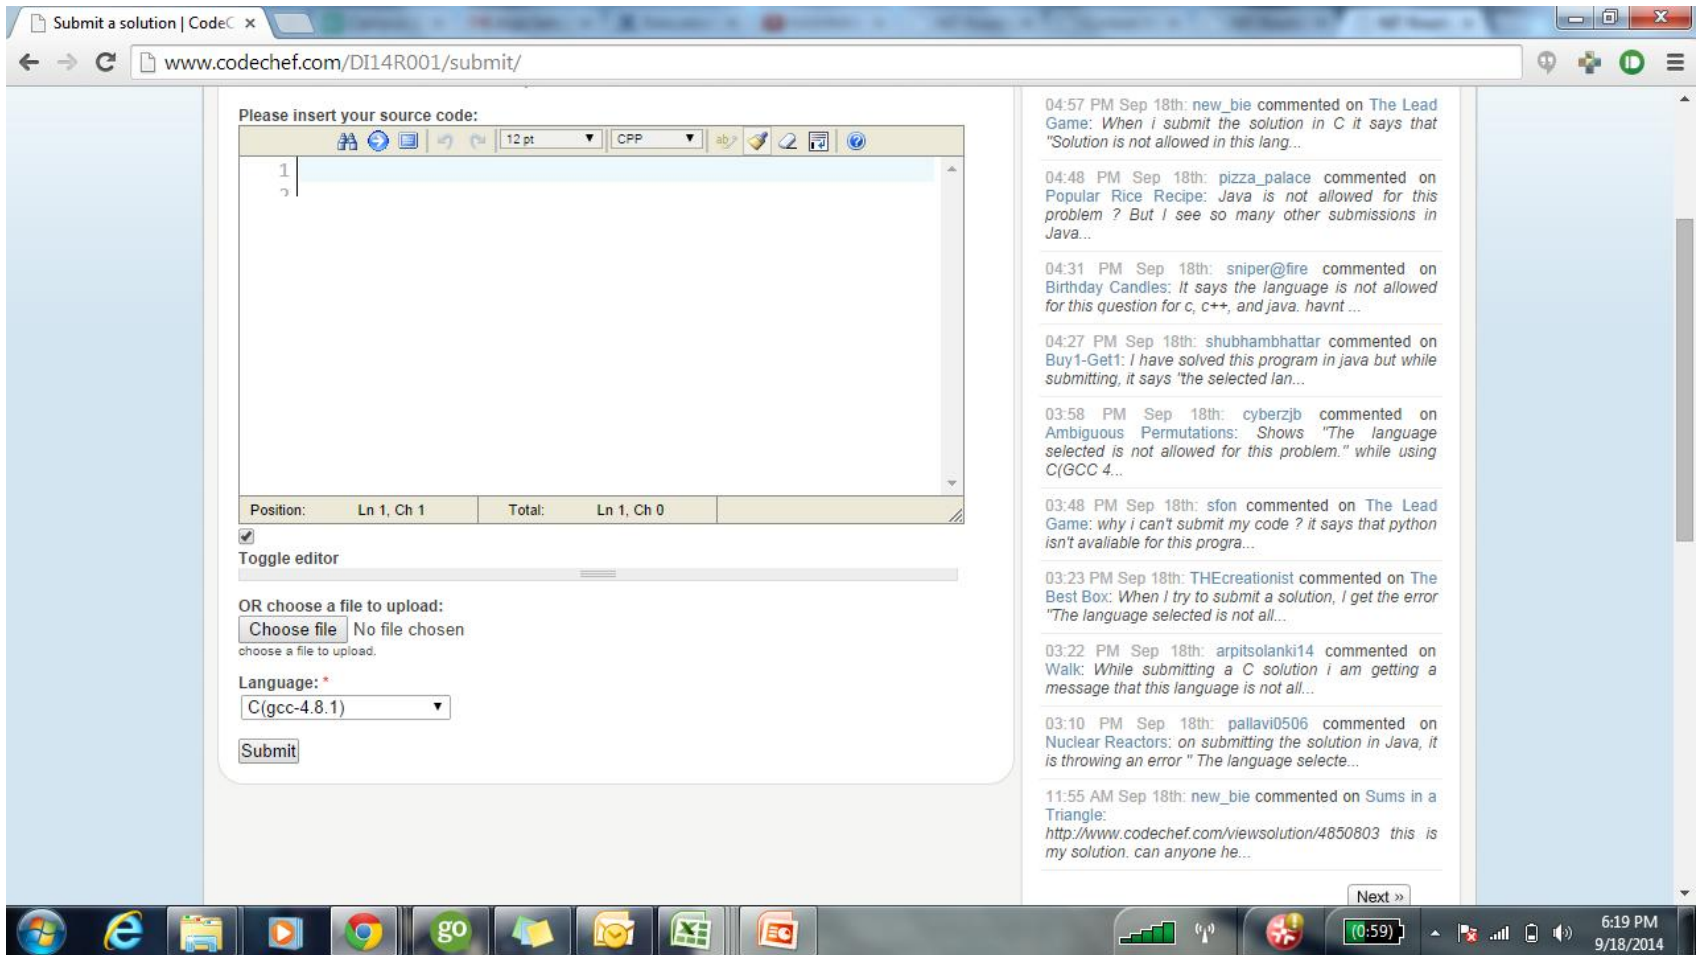

You will have 2 questions to attempt.

Step 7

Click on the problems to view the question

Step 8 : On clicking “Submit” you will see the CodeChef Compiler

The screenshot displays the CodeChef submission page for problem DI14R001. The browser address bar shows www.codechef.com/DI14R001/submit/. The main interface includes a text editor for source code, a language dropdown set to C++ (CPP), and a 'Submit' button. Below the editor, there's a status bar showing 'Position: Ln 1, Ch 1' and 'Total: Ln 1, Ch 0'. A 'Toggle editor' button is also present. To the right, a list of comments from other users is visible, including comments about language selection errors and solutions. The Windows taskbar at the bottom shows various application icons and the system clock indicating 6:19 PM on 9/18/2014.

Please insert your source code:

1
2

Position: Ln 1, Ch 1 Total: Ln 1, Ch 0

Step 9

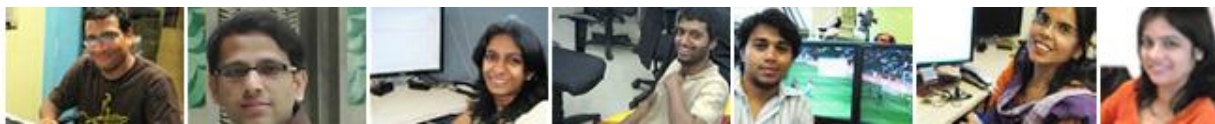

Select the language you would be coding in

Step 10

Paste/Upload your code into the compiler.

Step 11

Click on Submit

Please Note

In order to make a submission, it is mandatory to login to CodeChef.

If you are unable to view the “Submit” button or find it to be inactive, it means that you have not logged in to CodeChef.

The contest timer is global in nature which means that the test would end exactly 90 minutes from the start time mentioned in the email.

There is no restriction or penalty to the number of submissions you make for a problem. The last correct solution will be considered by the system.

Please make sure that all submissions are made within the stipulated 90 minutes. No manual submissions via email would be entertained.

For any further questions you can write to joshua.he@directi.com / darryl.p@directi.com
